Testimonials

Murtoa is a great place to raise children and there are community groups for everyone.

It is a great community that is proactive in keeping the town alive and moving forward.

*Clarry Golder

Before we moved to Murtoa we had great hopes of this little town for our future. We were delighted and relieved to discover a community largely operating out of similar values to ourselves and the manner in which we wanted to raise our family. A community.

*Lisa Horvat & family
Murtoa Kindergarten President*

While researching affordable small towns close to larger towns within Victoria, NSW and SA, we came across Murtoa. We chose Murtoa for the lifestyle, wonderful school, affordability, picturesque parks, community spirit, it is only a short drive from Horsham and the girls love the freedom.
