# Our Community Plan

## Murtoa Lakeside Town Moving Forward

Murtoa residents were surveyed through a letter box drop and online surveys. A summary of the 59 responses received portray Murtoa’s strength, assets, challenges and vision in this Community Action Plan 2019-2023.

The Murtoa community has achieved many great things in the past five years when reflecting on the last community action plan, including successful completion of listed projects such as the Lake Marma redevelopment, the new Neighborhood House building, refurbished Murtoa Railway Station, and multiple upgrades to sporting facilities.

***“Murtoa is a safe place to raise children with schools and a supportive community”***

Murtoa is a proud lakeside town, located on the main rail line from Melbourne to Adelaide. Our vibrant community benefits from being located close to Wimmera’s regional centre of Horsham. On the Silo Art Trail, our own tourist attractions include the Stick Shed (National Heritage listed Murtoa No.1 Grain Shed), the museum precinct (Water Tower Museum, Railway Station & Concordia College [first Lutheran college in Australia]) and Lake Marma managed by a local Committee of Management, complete with the Caravan Park [operated by the Yarriambiack Shire Council].

The town is central to the farming community and agricultural industry, with some major employers, excellent schools, services, retail sector and key trades available. The diverse community and sporting facilities are managed and maintained to a high standard by volunteers. Connectivity to NBN along with Telstra and Optus towers enhances business and social opportunities.

# OUR COMMUNITY

Murtoa is a beautiful lakeside town in the heart of the Wimmera on the Silo Art Trail and home to The Stick Shed.

## OUR STRENGTHS

- **Our People & Community Spirit**
- **Forward thinking, driven, community that gets things done**
- **Rural Lifestyle and Location**
- **Local Businesses & Shopping has all the essentials you need**

## OUR ASSETS

- **Local Businesses, Local Services & Local Employers**
- **Lake Marma**
- **The Stick Shed**
- **Tourism & Public facilities**
- **Community Events**
- **Strong farming culture & Agriculture Industry**

## OUR CURRENT CHALLENGES

- **Small businesses able to continue & expand**
- **Accommodation for sale, rent, for elderly and for visitors**
- **Local access to healthcare, Doctors and Childcare**
- **Centre of town needs a boost. Revive the main street.**
- **Build population - Attract new people and keep people here**
- **Employment opportunities**
- **Infrastructure upgrades and maintenance**
- **Inclusion, cohesion, engaging youth & supporting new ideas**
- **Access to community funding**
- **Volunteer fatigue**
- **Development opportunities**

---

## OUR FUTURE CHALLENGES

Frequent future challenges the Murtoa community raised in 2019:

- Growing Our Community: Keep people in Murtoa & attract new people to Murtoa
- Support local businesses and attract new businesses
- Retain & build services (health & child care)
- Maintaining & improving current infrastructure
- Space for furthering development, industrial and tourism opportunities

## OUR OPPORTUNITIES

Ideas raised in the community survey that we, together with our Murtoa Progress Association, can explore together:

### Basic Services

- ❖ **Child Day Care centre developed** for community. There is a huge demand for local daycare. There is a huge demand and wait list for take a break. Sufficient resources locally.
- ❖ **Access to health services** locally, including access to Doctor supported
- ❖ **Invest in quality housing development** for all demographics (including rentals). Accommodation desperately needed (housing & rentals)
- ❖ **Minimise the drugs boom** and the effects it has on small communities.
- ❖ **Manage feral pigeons**

### Community & Connectivity

- ❖ **More community Events Sponsored** to promote social inclusion – Like the Big Weekend Family Fun Night and Look over the Farm Gate events. Perhaps 3 per year.
- ❖ **Youth engagement** improved, including develop meaningful youth engagement activities
- ❖ **Sustain community groups** and maintain and support volunteers, including more easily accessible **funding** for community groups
- ❖ **Town strategic plan** developed that is holistic
- ❖ Have **coordinated group** with representatives for all groups work together to support each other, share skills, resources and promote develop Murtoa.
- ❖ **Public gym** to encourage fitness
- ❖ **Promote Murtoa** - great place to live for young families, elderly and commuter base for Horsham
- ❖ **Youth activities:** bumper cars, lazer tag or circus

---

## Infrastructure Opportunities

- ❖ **Footpaths improved.** Pedestrian, gopher and pram safe footpaths e.g. Lake, Degenhardt and Comyn Streets. With the recent dry conditions, it appears there has been more movement in surfaces (cracking, lifting and dropping) and further action is required for public safety.
- ❖ **Street Scape improvements.** Paint the shop facades of McDonald St (all private, public benefit)
- ❖ **Street trees** in areas where this is practicable and needed. Appropriate selections to avoid causing hazards. E.g. McClintock St. from the highway to Breen St. is one area for consideration.
- ❖ **Review town entrances** from North, South, East and West and consider ways to enhance further. Perhaps drought tolerant garden with a few striking specimens, may help create a lived-in feel.
- ❖ Murtoa **Industrial area expanded** and promoted to encourage investment and employment.
- ❖ **Maintaining current infrastructure** - a lot of buildings in town will need work in the future, where does this money come from?
- ❖ **Flooding at pool entry:** Water unable to drain away from Swimming Pool entry area.
- ❖ Maintaining clean and regular **lake supply**
- ❖ Get **free Wi-Fi**
- ❖ Install a **toddler playground**
- ❖ Improve **public transport** (including rail)
- ❖ **Maximise use of limited resources** by seeking creative ways of sharing resources rather than replicating facilities: costs of maintaining and developing local infrastructure can be a problem.
- ❖ **Bus shelter** in Marma St built as a second shelter

## Economic Development Opportunities

- ❖ **Local business supported** through initiatives developed to support and boost local businesses. Promote shopping local ("look local first"). Business thrives, they employ more people, more people come and spend in town, community thrives. It's simple but hardly ever acknowledged
- ❖ **Business investment encouraged,** use recent case studies.
- ❖ Attract new **employment** to Murtoa
- ❖ **Become a tourist destination.** Murtoa as a lifestyle location promoted for commute and quality of lifestyle. Enhance tourism and do more to promote the town and maximise impact of tourism for benefit of local economy. Set up a tourist information centre
- ❖ **External perspectives.** Interesting to get perspectives from non-locals or former locals. They can often see things that we don't. E.g. great features that we take for granted. Comments left on social media, visitor books or in passing, may give useful insights.
- ❖ Specific locations for **truck parking in town centre** to encourage shop locally, economic benefit.
- ❖ **Promote an agribusiness** that value adds to local produce and would provide employment and boost economy via flow on effects. Farms getting bigger - losing families from district
- ❖ Make the **caravan park** bigger
- ❖ **Lake development** potential: café/bar

- 
- ❖ **Free camping options.** Travelers have several options for ‘free camping’ in this region and elsewhere. This would make Murtoa another option for some travelers who have self-sufficient rigs. Some have already found spots around Murtoa to stop overnight for free.
  - ❖ **Meal Access.** Coordination of business hours to ensure access on long weekends and holidays.

## **OUR MURTOA PROGRESS ASSOCIATION**

H		Skateboard park upgrade	Skateboard park safe & user-friendly improvements – Rabi Park		YSC		Murtoa P-12 students	
I		Rabi Park Off- Lead Dog Park	Suggested location - Rabi Park other side of bridge to the toilet car park. It would be securely fenced, with dog- litter disposal units, and signage.  It will provide a safe space for dog owners to exercise their dogs.	Currently nowhere on public land for dogs to be safely be off -leash. Provide added protection for people, animals and birds from off- leash dogs. Travellers with dogs onboard seek out towns with off-leash dog- parks and plan their stops accordingly. Provide a social experience for both dog and owner.	YSC, Dog owners		Local Resident Paula Clark	<a href="mailto:pmclark60@bigpond.com">pmclark60@bigpond.com</a>
J		Bowls Club - Demolish and rebuild men's toilets.	The current men's toilet is in serious disrepair. It is fragile and is not suitable for the elderly or people with disabilities to use safely. Need to demolish the current toilets which is detached from the main clubhouse. Then extend the club house to include the toilet in the main building. This would require moving tanks and some plumbing and walking paths.	There is a risk to our members and visitors health and safety.	Murtoa Bowls Club, YSC	We are a small club with a growing membership. Need to upgrade our facilities to continue to attract membership.	Tony Baker (Chair)	

K		Bowls Club – Outdoor Spectator Area			Murtoa Bowls Club, YSC		Tony Baker (Chair)	
L		Tennis Club future funding for final top surface of Court #3 to finalise newly funded asphalt works. Lighting update to existing light towers, and installation of additional lighting towers to light up other two courts.	Future funding for top surface of Court #3 (low slip synpave acrylic court surface and final line marking) will finalise the newly funded asphalt works. This will complete the overall project and assist the Lake Recreational Reserve's beautiful appearance with a complete and attractive tennis arena. Additional lighting update to existing lighting of Courts #1 and #2, and installation of additional lighting towers to light up #3 and #4 for a possible (more efficient) night competition.	A Friday night competition considered to replace Saturday afternoon tennis due to increased Saturday commitments of players. The shift of the standard tennis format is hoped to attract new players of varying skill levels to enjoy tennis as a fun sport and enjoy the recreation reserve. The need for quality lighting and surface of Court #3 will complete the tennis arena and set up for future generations.	Murtoa Tennis Club	Tennis Club will research required equipment for additional lights and source quotes. G		Develop Connections to Country partnership with local aboriginal community  Construct a labyrinth	Seek funding to create an artwork with local aboriginal artists.  Signage to celebrate and educate about traditional ownership.  A Labyrinth is a complicated irregular network of paths & difficult to find one's way - similar to a maze. Designed and constructed in consultation with Indigenous Community -a way to connect with the past and provide an opportunity to reflect on our connections with indigenous culture.	Recognise traditional ownership. Celebrate artistic cultural expression. Community education and reconciliation.  Provide locals and tourists with a unique experience, be educated and reflect on the spiritually and values of our indigenous peoples. It will also be a unique tourist attraction within the region.
